Multimedia Informative Presentation

MAESA SCHOLARS FAIR
April 27, 2018

GUIDELINES

Contact for Information: Megan Prichard mprichard@cathedral.org
Emily Fetting efetting@cathedral.org
Katherine F. Murphy maesaschools@gmail.com

Number of Works: Four (4) maximum per school

Age Groups: Grades 4-6: Two (2) entries maximum
Grades 7-8: Two (2) entries maximum

Time Limit for Presentations: 3–5 minutes **MAXIMUM**

Presentation Time: 4-6 Slideshow Presentations (10:00am to 11:30am)
7-8 Slideshow Presentations (11:30am-1:00 pm)

Requested: Please **submit a hard copy of the presentation** at registration on the day of the Fair.

Restrictions/Limitations:

- MAESA asks that students share their best informative, research-based presentations. A student or group can present information on a subject of their choice.
- The visual output to guide the presentation can be a PowerPoint, Glogster, Pixie/Wixie, Animoto, Prezi, Google's Presentation, or another vehicle to help guide the student through their topic.
- The presentation needs to have been created within the past two years.

Technical Requirements:

- Each presenter will need to bring his or her own laptop (Mac or PC) from which they will present.
- Your presentation may be web-based.
- There will be an open WiFi network available for all participants.

Hardware/Software Available at NCS: NEED to VERIFY

- VGA/3.5mm Audio and Type A HDMI connections are available to connect your own Mac or PC to a projector
- Please bring the necessary adapters for computers using mini HDMI, DisplayPort, DVI etc.
- A limited number of MacBook Air laptops with Office 2016 installed will be available for backup use.

Judging Criteria: See attached Rubric for specific criteria: Content, Communication, Organization & Design, Mechanics & Timing

Judges: PLEASE encourage your faculty/chaperones to be a judge for this creative category! Indicate the volunteers on the Registration Form.

2018 MAESA SCHOLARS FAIR MULTIMEDIA Informative Presentation RUBRIC

Student(s):_____**Grade:** 4-6   7-8

School:_____ **Format:** _____

Subject/Title:_____

Categories will be rated on a scale from 1-4 points. Outstanding/4 indicates that all criteria have been successfully accomplished.

CATEGORY	Outstanding-4	Excellent-3	Good-2	Fair-1
CONTENT -Introduction presents the overall subject and captures the attention of the audience. -The topic is covered in-depth with details, accuracy, and examples. -If video clips are thoughtfully chosen to enhance the presentation, they run no more than 2 minutes total. -Subject knowledge is demonstrated.				
COMMUNICATION -Student demonstrates original thought, preparation, and knowledge of content. -Student captures and holds the audience's attention. -Student maintains eye contact. -Student speaks distinctly and modulates voice for emphasis.				
ORGANIZATION & DESIGN -Overall content and slide content is well organized and proves a logical progression of ideas and support information. -Tools are used effectively to enhance the subject and readability. Tools do not distract from the content.				
MECHANICS & TIMING -Accuracy in writing mechanics is evident throughout the presentation including in: grammar, spelling, punctuation, capitalization. -Presentation is 3-6 minutes				
*Citations are needed if research is evident. Citations should be at the end of the slideshow and be in grade-appropriate standards. If citations are needed, but not included, points will be deducted from total score.				TOTAL
